ROLE & CONTRIBUTION

- Development of reusable code.
- Development and implementation of Core functionality and support tools.
- Understand the business and functional requirements.
- Handled the CMS (Front End programming).
- Iterative testing and code reviews through development of the application.
- Developed the system Unit.
- Integration Testing & debugging.

EDUCATION QUALIFICATION

Gujarat Technological University
Bachelor's degree in Computer Engineering
Year – 2008

EXPERIENCE

Neighborhoodlender, South Carolina

Neighborhood Lender is your local leader in No-Closing Cost Financing. Not sure what that is? No worries - we'll explain that to you - and a whole lot more, too. As your lending partner, we take what is typically an overwhelming and complex process, and transform it into an easy, straightforward experience. And we save you time and money too.

Responsibilities:

- Platform : Laravel, Ajax, jQuery, JavaScript, MySQL , Bootstrap, HTML,
- Analyzing requirements and creating database.

Ekaya, South Africa

Ekaya is a young and ambitious technology startup out to make the world of renting better by building products that create trust and delight in the property rental space.

Responsibilities:

- Platform : Laravel, Ajax, JavaScript, MySQL, CSS3, HTML,
- Analyzing requirements and creating database.

Skystore, UK

Sky Store is the easy way to buy or rent the biggest blockbusters and all time classic movies whenever you want. And it just got even better. Now you can buy TV and movie box sets to keep forever.

Responsibilities:

- Platform : NodeJS, ExpressJS, CSS3, LESS, HTML5, Photoshop
- Analyzing requirements and creating database.
- Created web API for mobile application.

Bestbuy, Canada

Bestbuy is a commerce platform where you can get electronics items at best price. Check out the best deals site is offering and grab the best one which suits you. Helping customers to get the electronics items at best price and sellers to sell their stuff. You can use their mobile app as well for getting latest deals from them.
